

# 12 Days of Giving

## Help Us, Help Others

### Randi McGivney

My name is Randi McGivney and I am the Vice President of Nothing Is Impossible. Outside of the foundation, I am a Speech Pathologist in Sparta, New Jersey. I have been in private practice for 25 years treating children with various speech and language disorders. I have been involved with the foundation since it began over 20 years ago and I am so proud to be associated with it. Over the years, we have been able to help so many individuals and families who have fallen through the cracks of society with nowhere else to turn.

Several years back we received an email from a desperate single mother with 2 children. Her ex-husband was an alcoholic and had been abusive. She was trying to make a better life for her children and herself. She was a hard working woman who fell behind on her bills and was having a difficult time providing for her children alone. She found us by searching on the internet for help. Her children were in need of expensive dental care and she had no way to pay for their daycare while she was at work. We were able to step in and pay for that dental care and paid for daycare for the children for one year. This allowed her to pay her other living expenses and get back on her feet.

She was so appreciative of all the help that we gave her and promised to give us updates on how they were doing. She has lived up to that promise and gives us updates every 6 months with pictures of her children and reports on how well they are adjusting and doing at school. This mom has been able to purchase her own home and provide the life for her children

she always wanted with stability and security. She stated that it was the generosity of our foundation that helped her turn things around. Without our help, she would not have been able to give her children a safe place to be while she was at work trying to make a new life for them. Without our help, she would not have been able to afford to do this. It allowed her the ability to pay off her other debt and pay her current bills. It warms our hearts to receive updates from this inspirational woman and see how her children are thriving. It's through the generosity of others that allows us to help make a difference in so many people's lives.

We can proudly say that 100 percent of all the money we raise goes directly to those in need. It is especially important to remember in this season of giving that there are so many out there who could benefit from a little help. That small gesture can help turn their life around and help get them back on their feet or even give them a warm home in the winter. Please consider helping us help others. A little bit goes a long way. From my family to yours, I wish you a wonderful holiday season.

**100% of all donations are given to those in need.**

**Please consider giving a gift to support the mission of Nothing Is Impossible as the tax year comes to close. Help us, help others for the holidays.**
