Wine Event - [Click here to order tickets](#)

Nothing Is Impossible will host a benefit night on June 24, 2017, in order to raise funds and awareness to help those in need who live in the Morris, Sussex, and Warren Counties of New Jersey.

Each year, our annual spring fundraiser will help raise awareness to a specific cause, and we will donate a portion of the proceeds to a family in need that is facing this struggle.

This year, Nothing Is Impossible is raising awareness to help families who are facing a medical crisis. In New Jersey, 1 out of every 4 families are struggling to get by, that is 1.2 million families who are living paycheck to paycheck, or at or below the poverty line. One catastrophic event, such as a medical crisis, can have devastating financial consequences on families. Many will have high medical bills, and will need to take unpaid leave to care for a family member.

Please join us at our Wine and Food Pairing event, as we raise awareness and funds to help Annabella Bobinski, a nine-year-old girl from Hopatcong, NJ, who has recently been diagnosed with Ewing's Sarcoma. This is a rare childhood form of cancer. Annabella is being raised by a single dad, who had to take family leave from his job in order to travel to The Children's Hospital of Philadelphia for several weeks out of each month. As you can imagine, this has a huge impact on the family both emotionally and financially. Nothing Is Impossible will help to ease the family's financial burden during this difficult time.

The evening includes a five-course wine and food pairing, live music, and a complimentary beautiful wine glass from [Brook Hollow Winery](#) that can be used for free tastings in the future. Bring your friends and family for an evening of fun. We will also have baskets, 50/50, and Yankee tickets to raffle. **[To buy tickets for this event please click here.](#)**

Sip, Savor and Support
A Special Evening to Benefit

NOTHING IS IMPOSSIBLE

Saturday, June 24, 2017

Help Us Help AnnaBella

A portion of the proceeds from the wine event will help this delightful child

Annabella is an active 9 yearold who has a passion for school, swimming, and taekwondo. In late January, herfather began to notice a limp. According to her father, Chris Bobinski, "Ithought she may have twisted or sprained her ankle, her leg began to swell up.A week later, she wasn't getting better so we went to her pediatrician. Hemeasured her ankle, and told us to immediately go to the emergency room. Therresults of her x-ray were horrifying. She had a growing tumor in her left legthat showed signs of either Ewing's Sarcoma or Osteosarcoma. As a parent, Iwent numb".

After further testing, theresults were sent to The Children's Hospital of Philadelphia, and a few dayslater Annabella was diagnosed with Ewing's Sarcoma. Ewing's Sarcoma is a rarechild cancer that affects the bone. There is an average of only 200 cases peryear in the United States.

Annabella is currently receivingtreatment. She will need 29 weeks of chemotherapy. She and her father travel toPhiladelphia for treatments weekly. According to her father, "Annabella goesfor dinic/ treatment and is admitted for 2 -3 days. Once released, she returnsa few days later for a one day dinic session. The following week, she returnsfor a 5-6 day chemotherapy session. Annabella attends school when she can. Thefurther along in treatment the worse she feels. After she completes half of thesessions, she will have surgery followed by 7 more chemotherapy sessions. Once she'sfinished with chemotherapy, she will begin her rehabilitation".

AnnaBella is an avid reader, and would love to receive cards and lettersof encouragement. Please send to:
