Help Us, Help Others

Maureen Willett

My name is Maureen Willett and I hold the position of secretary of the Nothing Is Impossible Foundation. Outside of the board, I am a paralegal at McGivney, Kluger & Cook, P.C.

I enjoy life's joys and hope that in some small way my work with the foundation will also bring our applicants a little freedom, happiness, peace and joy.

I'm proud to be a board member of the NII as within the framework of our unique mission statement we seek and find endless ways to help those facing seemingly impossible obstacles. Our board members are from all walks of life: managing partners, small business owners, educators, accountants, attorneys and administrative professionals. Each and every application is reviewed in detail by all with much consideration. The board pools each other's gifts, strengths, experiences and knowledge to work together to determine the best course of action to assist each applicant. My heart soars when I see the board deliberate over an applicant's request only to find a stronger more progressive way to help the individual become more independent and self sufficient. One hundred percent of all donations go to those in need; there are no administrative costs or hidden fees. Through our conscientious dedication, we have proven to be good stewards of the finances we are entrusted with to help individuals within the scope of our mission. Please consider a holiday donation this year to help someone regain their independence.

The applicant that touched my heart recently was a young family of three. The father worked full time during the day and then drove the mother to her part time job with their baby in tow. A few hours later, in the evening, he had

to pick the mother back up. He made the evening trip with the baby in tow, while also being mindful of trying to preserve structure for the little one. The family longed for a second vehicle but as their bills were snowballing, a second vehicle was out of financial reach. If the wife had the ability to drive herself home in the evening she could work longer hours, and be able to contribute enough money to regain financial independence for her family. Nothing Is Impossible stepped in and topped off their meager savings enough for them to purchase a used vehicle. This allows her to drive to local destinations safely and confidently. We also purchased vehicle coverage via AAA for a year to ensure her safety on her way home after a late shift. In her off hours she is now able to socialize her baby with learning experiences and support systems outside the home, free from isolation. Your monetary gifts can provide positive changes, big or small, priming someone's life for an amazing transformation. With this family, it was the equivalent of a cost of a weekend getaway that helped them achieve financial independence. Because of your donations, this family will have financial security and family togetherness. I thank each and every one of you for your generous support which enables us to continue working towards a better future, one application at a time. Happy Holidays!

100% of all donations are given to those in need.

Please consider giving a gift to support the mission of Nothing Is Impossible as the tax year comes to close. Help us, help others for the holidays.
