- 12:15 ASSEMBLE AT CARTS
- 12:30 SHOTGUN START
- SCRAMBLE FORMAT

Meet Steve Meyers

Former Applicant & Guest Speaker at the Golf Outing Dinner

In 2012 Steven Myers was involved in a devastating car accident. He sustained a severe traumatic brain injury and has endured brain surgeries and years of physical and occupational therapy. Steven has made tremendous strides towards recovery, but has no functional use of his left hand. His therapists advised the family that the Bioness H200 Wireless Hand Rehabilitation System would be the best chance for regaining gross motor function in that hand. The insurance company repeatedly denied their claim. NII, along with other organizations,

stepped in to provide to the funds necessary to get the life changing technology to help Steven.

"Nothing is Impossible Foundation stepped in at a time when we felt desperate for help and exhausted from hearing "I'm sorry we can't help" and seeing the infamous insurance "denied" stamp. Their generous financial support restored hope, sending a welcomed reminder of "you are not alone!" Seeing Steven's smile when his Bioness Arm System arrived promoted healing in each of our hearts! We are forever thankful!" - Norma Myers, Steven's Mother.

Today....

Since Steven's accident in 2012 Steven has made a miraculous recovery. Through his dedicated, hard work we have witnessed Steven go from not being able to sit up unassisted to hiking his favorite trail. Steven is employed by Lowe's and is pursuing a Human Services degree. He has a "never give up" attitude and is an inspiration to everyone that has the privilege of meeting him.

First Annual Wine and Food Pairing

Thank you to everyone who came out to support our event. It was a beautiful evening with good wine, delicious food, and we all raised awareness and funds for a great cause!
